# Further personal information

Created by Tobias Lang, Jonas Notzon,
Nico Mischok, Sebastian Wienpahl

Objectives

▸ Define further personal information

- preferences

- own opinion

- photos / videos

- location

▸ Inform people about risks

Effects of misuse of your information

- Personal information could be:

  - publically accessible

  - misused

- Results:

  - receive spam

  - reputation suffers

Protective measures

- We will explain what people shouldn't do:

  - don't post everything

  - think twice before publishing information

- Explain with real examples

How we would like to inform

- Prepare a PowerPoint presentation

  - contains the points mentioned

- Record a film

  - film the presentation

  - audio commentary

- Upload on the Website
